

Home Care Project in the city of Korat

In collaboration with Sharing for life Foundation

Latkrabang

Introduction

Camillians in Thailand operates several activities aim to serve the aged, people living disabilities, sick and poor.

According to the charisma of their founder St.Camillo.

At present Thailand is entering in the aging society which more elderly and a less number of newborn in the families.

Camillian home of the aged is a collaboration with the diocese of Nakhon Ratchasima and St. Camillus foundation of Thailand.Home for the aged to serve the elderly in Nakhon Ratchasima province at an affordable price was built in the land given by bishop Joseph Chusak in the city of Nakhon Ratchasima.

Home for the aged Ratchasima was opened on 25 February 2017 to serve the elderly by organizing a team of nurses, nurse assistants, physiotherapists and care workers with knowledge and skills in the care and rehabilitation of the aged .

Focusing on taking care of the aged in the holistic way which means body, mind, and the spirit and the practise of palliative care medicine.

Camillian Ratchasima has 2 main projects:

1.Home for the aged accomodating at present 135 people and with a new coming building in the year 2022 increase to 170 people.

2.Home care project means to visit the people in need in the community according to the government policy since it pushes the idea of keeping and serving the elderly in their families and community.Home care is a pilot project part of the government plans to welcome the new aged society since will soon increase up to more than million people.

Camillian religious community is understanding the important of the care of the old people in Thai society because strongly believe that live has a value even when age and sickness are coming through. For this reason a team of religious and volunteers were establsh to take care of 135 people poor, old and sick in the local community.

Purpose

1. To make the targer,group the aged, disabled, and poor have couraged in improving their lifestyle and get access to treatment and welfare state benefits.
2. To give the target group advices in health care, hyginene and enviroment surrounding of their house.
3. To improve connection with religious group and good people not too feel lonely and abandoned.
4. To support and encourage village volunteers in caring their community.

5. To live the mercy of the Lord Jesus in the name of Christain community.
6. Adjust and re-built some of poor houses to allowed people with disabilities to get easy access.

Target

1. The aged, disabled, and poor: 135 cases in the city of Korat(20 km.).
2. The most rejected in the community who are abandoned in need of care and support.
3. Community leaders and volunteers and family's members.

Project Duration

On yearly basic: this is the third since we started in 2017.

Operation

1. Prepare car the equipment, files and document.
2. Prepare a gift package to distribute to the target group.
3. Prepare a name list, go and visit , and keep records in files.
4. In one day the team visit 8-10 people(family) and repeat the visit to them every 3 months.
5. Religious and volunteer during the visit give counselling courage and have advise, check blood presure and their medicine in some case the team will do cleaning of the house and personal care.
6. Gather group of volunteer to make adjustment in the house in need.

Evaluation

1. Check documentation of each visit if it is complete with the pictures and personal detais, map and important data.
2. Prepare and summary report for sponcers and benefactors.
3. Prepare details report: number of visiting and expesess every months and the of the end of the year.
4. Monthly narrative and financial report in the month of May to review the costs and the financial budget.

Operating staff

1. Fr. Giovanni Contarin, Mrs. Kanjana, Ms. Sukanya and volunteers.
